CURRÍCULO RESUMIDO

COORDENADAS

Nombre	:	César Augusto Cuba Cuba
Año de nacimiento	:	1942
Dirección postal	:	Colina Unb- Bloco 'E' Apto. 105, Brasilia, D.F. CEP 70919-900- Brasil
Dirección electrónica	:	cesarcuba@hotmail.com cuba@unb.br
Página web	:	
Teléfonos	:	5 506 1307 3432
Facsímiles	:	
Institución actual	:	Fundação Universidade de Brasília

Especialidad Científica o Tecnológica	:	Parasitología(Protozoología médica)
Grado más alto obtenido (indicar institución y año)	:	Doctor en Ciencias, Universidade Federal de Minas Gerais, Belo Horizonte, Minas Gerais, Brasil, 1983

COLABORADORES MÁS FRECUENTES

Nombres: Michael A. Miles (LSH&TM),
Jon C. Schofield (LSH&TM),
Femando Abad Franch (LSH&TM),
Franklin Vargas (Universidad Nacional de Trujillo, UNT),
Alexandre R. Palma (Universidade de Brasilia,UNB)
Judith Roldán (Universidad de Trujillo, Peru UNT)
Gustavo Vallejo (Universidad del Tolima, Ibagué, Colombia)

PUBLICACIONES EN REVISTAS ARBITRADAS (en orden directo o regresivo, añadir páginas si es necesario, omitir ponencias en eventos)

1. Cuba C, Abad-Franch F, Roldán J, Vargas F, Pollack L, Miles M: *The triatomines of northern Peru, with emphasis on the ecology and infection by trypanosomes of Rhodnius ecuadoriensis (Triatominae)*, Memórias do Instituto Oswaldo Cruz 97 (2):175-183, 2002

2. Franch F, Paucar A, Carpio C, Cuba C, Aguilar H, Miles M: *Biogeography of Ecuadorian Triatomines (Hemiptera: Reduviidae). Implications for the design of control strategies*, Memorias do instituto Oswaldo Cruz 96(5): 611-620, 2001

3. Cuba C, Ogunkolade W, Howard M, Miles M: *Immunological selection for Leishmania (Viannia) braziliensis antigens*, Annals of Tropical Medicine and Parasitology 95(5): 473-483, 2001

4. Segura E, Piquin J, Cuba C, Orrego L, Pratt D Mc Mahon, Montamat E, Momem H, Grimaldi JR: *Molecular and biologic characterization of Leishmania parasites implicated in an epidemic outbreak in norhwestem Argentina*, Parasitology Research 86(6): 504-508, 2000

5. Goncaives R, Miles M, Yeo M, Cuba C: *Preliminay characterization of a sylvatic ecotope of Trypanosoma cruzi transmission in the Federal District of Brazil*, Memorias do Instituto Oswaldo Cruz 94: 236, 1999

6. Marsden P, Cuba C, Lessa H, Oliveira M, Romero S, Marotti J, Sampaio R, Barral A, Carvalho E, Magalhaes A, Macedo V: *Clinical Observations of Unresponsive Mucosal Leishmaniasis*, American Journal of Tropical Medicine and Hygiene 59(4): 543-545, 1998

7. Chouicha N, Lanotte G, Pratlong F, Cuba C, Velez I, Dedet J: *Phylogenetic Taxonomy of Leishmania (Viannia) braziliensis based on Isoenzymatic study of 137 isolates*, Parasltology 115: 0-0,1997

8. Almeida M, Cuba C, Morales M, Miles M: *Dissernination of Leishmania (Viannia) braziliensis*, Journal Comparative Pathology 115: 311-316, 1996

9. Cuba C, Hill D, Ogunkolade W, Miles M: *Attempts to recognise specific antigens by heterologous preadsorption of Leishmania (Viannia) braziliensis infection sera*, Memorias do Instituto Oswaldo Cruz 89: 174-175,1994

10. Yoshida E, Cuba C, Pacheco R, Culpolillo E, Machado C, Momem H, Grimaldi JR: *Description of Leisrírnania (Leishmania) forrattini sp n A New parasite lnfecting oppossums and rodents In Brazil*, Memorias do Instituto Oswaldo Cruz 83(3): 397-406,1993

11. Almeida A, Cuba C, Sa De, Pharoah M, Howard K, Miles M: *Metacyclogenesis of Leishmania (Viannia) braziliensis'In Vitro' Evidence that Lectin is a marker of complement resistance and enhanced infectivity*, Transactions of The Royal Society of Tropical Medicine and Hyglene 87: 325-329,1993

12. Cuba C, Marsden P: *Failure to develop homologous immunity to second challenge with Leishmania (Viannia) braziliensis In the black-plummed marmoset, Callithrix penicillata*, Transactions of The Royal Society of Tropical Medicine and Hygiene

83(3): 423 - 423,1992

13. Vexenat A, Rosa A, Cuba C, Marsden P: *Recovery of Leishmania (Viannia) braziliensis -from hepatic aspirates of the black-plummed marmoset, Callithrix penicillata*, Transactions of The Royal Socity of Tropical Medicine and Hygiene 85: 596-596,1991
